

Communication and Event Intern at International Community

Do you want to be part of an international environment and put your communication and organizational skills to the test in the real world?

International Community aims to support companies, public authorities and institutions in attracting, welcoming and retaining international employees and their families to the Aarhus area. We offer lots of events and services for internationals to make them feel welcome and settle in well while they are in Aarhus.

International Community is an initiative driven by Erhverv Aarhus, which is the largest business network in Aarhus and improves the conditions for companies in the Aarhus area.

From January 2025, we offer an intern position within an open-minded and dynamic organization, where you can put your theories and ideas into practice. The position offers diverse tasks as we are a small team working closely together.

Examples of assignments:

- International Community newsletter
- Organizing and participating in events
- Matching internationals with local clubs and associations
- Social media management tasks

You are:

- A master's student enrolled in a field of education relevant for the internship
- Fluent in English
- A strong communicator both verbally and in writing
- Ready for a challenging internship that gives you a practical perspective on your theoretical knowledge from your studies

The internship is preferably from January 2025 until June 2025 – or according to your studies. The internship is full time and unpaid but flexible according to your plans and studies.

Interviews are held continuously.
