Communication & Events Intern – International Community

Are you passionate about communication, marketing, and creating meaningful experiences for people from around the world? Do you want hands-on experience in an international environment and be part of shaping a growing community in Aarhus?

About International Community
International Community is part of Erhverv Aarhus' international office, which also includes the new brand "Hello Aarhus", and plays a key role in welcoming international newcomers to the city. Our mission is to help international citizens feel at home in Aarhus.

Your role
As an intern in International Community, you will work primarily with communication, marketing, and events. You will be part of a dynamic team where your ideas are valued and where you will gain real responsibility from day one.

Your tasks will include:
- Creating and publishing content for social media
- Supporting the planning and coordination of events
- Helping with event execution and practical on-site tasks
- Contributing to marketing and communication activities across channels
- Supporting community-building initiatives and stakeholder communication
- Maintaining and expanding our online association portal **"Join a Club"**

Who we are looking for
We imagine you are studying within communication, marketing, media, event management, or a similar field.

You might be a great match if you:
- Enjoy writing and communicating in English
- Are structured, proactive, and enjoy working independently
- Like working with people and creating great experiences
- Thrive in an international and fast-growing environment
- Are curious and not afraid to take initiative

What we offer
- Hands-on experience with communication, marketing, and events
- A chance to be part of a growing international office in Aarhus
- An inspiring workplace with a strong mission and ambitious projects
- The opportunity to help shape the future of Aarhus as an international city

Practical information
The internship takes place during the **Spring semester 2027**. The internship is unpaid.
